Stall Infrastructure:

Yes No

Do you require power at the stall?

Yes No

Please describe anything not otherwise covered which might constrain where we locate you in the market (eg health or mobility issues, stock transport limitations, stock temperature limits etc*):

* Please note that established vendors have priority for allocation of stall sites.

Weather Sensitivity (Optional): Are your products sensitive to:

Rain?

Murrumbateman is an outdoor market (with very limited space in the shed) and so is subject to the weather, and we try to organise the market around vendors' weather sensitivities.

Wind?

High Temps?

Low Temps?

Plan B:

If weather conditions are poor (ie rain and wind), we hold a mostly-shed market with limited spaces ("Plan B"). Would you have a high interest in attending a Plan B market?

Yes No

Insurance:

We require both public and product liability insurance. Do you have both? Attach a copy with your application (not including this will cause delays in approval of your application). If you are re-selling product, the original supplier must also have product liability insurance.

Yes No

If you do not have insurance you will need to purchase insurance from the market for a cost of \$12.50 over and above stall fees, each market. Exclusions apply so please check our website to ensure the product you are selling can be covered.

Fee Payment:

Invoices for stall fees will be issued to all expected attendees at the start of the market week. Please pay stall fees in advance via EFT as per the details on the invoice, the layout diagram issued at start of market week and the Stallholder's page of the Market Website.
